Each student in grades 4-12 is **required** to have a Chromebook Laptop. Students will use laptops to interact with teachers, complete and turn in assignments, etc. **To allow us to enforce internet security, students MUST have a Chromebook.** These are very affordable laptops with prices starting a little over \$100. See link below for this option offered on Walmart.com:

It is *recommended* that students in grades K-3 have one as well. School owned chromebooks will be used by on campus students at school during technology classes.
